Hotlinks is a Limited company based in the commercial heart of London's Docklands. We provide high bandwidth Information and Communication Technology (ICT) network services for Homes, Businesses and ISP's.

A simple, "no expense spared" philosophy utilising best of breed technology from the leading manufacturers ensures our services are among the most reliable in the industry.

- We have Dell servers of 2 standard specifications available to lease, we can also customize any specification to suit your needs.
 - Our leased servers are fully backed up by Dell's 3 year next day replacement guarantee, however we also keep spare servers in stock so that if anything should go wrong with one of our leased servers we can easily replace the faulty hardware ourselves, so you can be confident of maximum uptime.
- All servers come with a RAID controller in order to ensure that a single hard drive failure does not devastate your business. With our 24/7/365 Network Operations Center (NOC) located on site in Docklands, London we can also guarantee the fastest response in case of emergency.

Bronze Class Dell Powerededge 1450 SATA - £50 per month

Silver Class Dell Powerededge 1450 SCSI - £100 per month

Gold Class Dell Powerededge 2650 SCSI - £250 per month

Over the years, we have recognised that keeping up with current trends is vital to remaining successful as an ISP, so you can rest assured we are well in touch with what is happening throughout the ISP industry.

We like to think of ourselves as being 1 step ahead of our competitors so that we put our customers 1 step ahead of theirs.

Here are some reasons why you should lease a server from us:

- You have 24/7/365 assurance that your server will be looked after.
 - You can change or upgrade you server package at any time.
 - Your servers can be placed in any of our five influential Docklands locations.
 - You will have more precious office space without servers.
 - Our prices are competitive and in line with our main competitors.
- We always have plenty of spare servers setup and ready to go at your request, any time of the day, any day of the year. Contact Sales on 0870 432 5500 and you could be connecting your new server by the end of the phone call!!!
